The New York Super Craft Beer Festival is New York's best waterfront beer festival of the summer. The festival will feature over 75 beers and as you might expect, much of the festival focuses on the emerging New York craft beer scene.

Our partner in this event, Union Beer is well-known as the go to for exclusive and rare beers, one-offs and special firkins.

Plenty of food is always available from one of our many food vendors. And while you eat, be sure to listen to music that play as you taste craft beer with amazing views of New York at our 3,500 square foot venue featuring the Brooklyn and Williamsburg bridges and Brooklyn skyline.
